WORK EXPERIENCE

Zettabyte, Yogyakarta— *Frontend Developer*

November 2023 - November 2024

- Collaborated with QA to plan and design UI concepts using Figma for upcoming features, ensuring clarity, usability, and consistency with product requirements.
- Worked closely with backend developers to define efficient data flow and ensure smooth integration between frontend and backend systems.
- Created work schedules and broke down large features into smaller tasks to estimate development time more accurately and maintain team productivity.
- Developed user-facing features using Angular, Angular Material, TypeScript, and Tailwind, focusing on clean, reusable, and scalable code.
- Performed bug fixing and UI improvements to enhance stability, reliability, and user experience.
- Built automation testing scripts using Cypress to ensure feature quality and reduce manual testing time.
- Utilized Git for version control, collaborating effectively in a multi-developer environment.

PROJECT

PT Hasnur Riung — *Frontend Developer*

November 2024 - June 2025

- Developed a dedicated HR web application using Angular and Tailwind to streamline employee attendance and leave management.
- Built an end-to-end leave request flow, starting from employee submission to supervisor approval, ensuring a faster and more transparent process.
- Implemented features such as leave submission, approval routing to respective supervisors, and automatic generation of leave permission documents.

CERTIFICATIONS

- **Fullstack Web Developer**
Purwadhika Digital Technology School - 2023
- **Frontend Developer**
Zettacamp - 2023
- **AI Engineer**
Dicoding & IBM - 2025

LANGUAGE

- Bahasa
- English

TECHNICAL SKILLS

- HTML5
- CSS3
- SASS
- Javascript
- Typescript
- Angular
- Angular Material
- GraphQL
- Vue
- React
- Cypress
- Figma
